

TEMPORARY HOUSING

Katie Gentry
Human Services Planner, MAG
Continuum of Care

Emergency Shelter

- immediate place to stay
- people can enter and exit rapidly
- limited services
- leave during the day
- operate differently, but have generally lower barriers than other locations

Benefits to Health

- Stops individuals from literally being on the street
- Place to get connected with other resources
- Brings challenges of exposure while in the shelter
- Due to the stressful environment, better than on the street but can exacerbate health issues

Shelters in the Valley

■ Singles:

Transitional Housing

- Longer term than emergency shelter
- Meant to bridge the gap from homelessness to permanent housing
- offers structure, supervision, support, life skills, education, training

Benefits to Health

- Longer term with more stability
- Able to address the needs of the individual in a more well-rounded way
- Limitations around time in transitional shelter is a barrier
